

hi-Ring is the handset that will take you back to the '60s!

The classic handset has been replaced over time by increasingly sophisticated devices and headset smaller and smaller.

Thanks to its retro design combined with soft touch material, **hi-Ring** goes against, returning to your conversations the feeling of the past, while eliminating the harmful effect of radiation.

Choose one of the four available colors and connect **hi-Ring** to your computer, iPad (Skype, Google talk...) or mobile through the universal 3.5 mm jack.

hi-Ring will give you back the Joy and the taste of a real call!
